

# **Mushroom Classification (Machine Learning)**

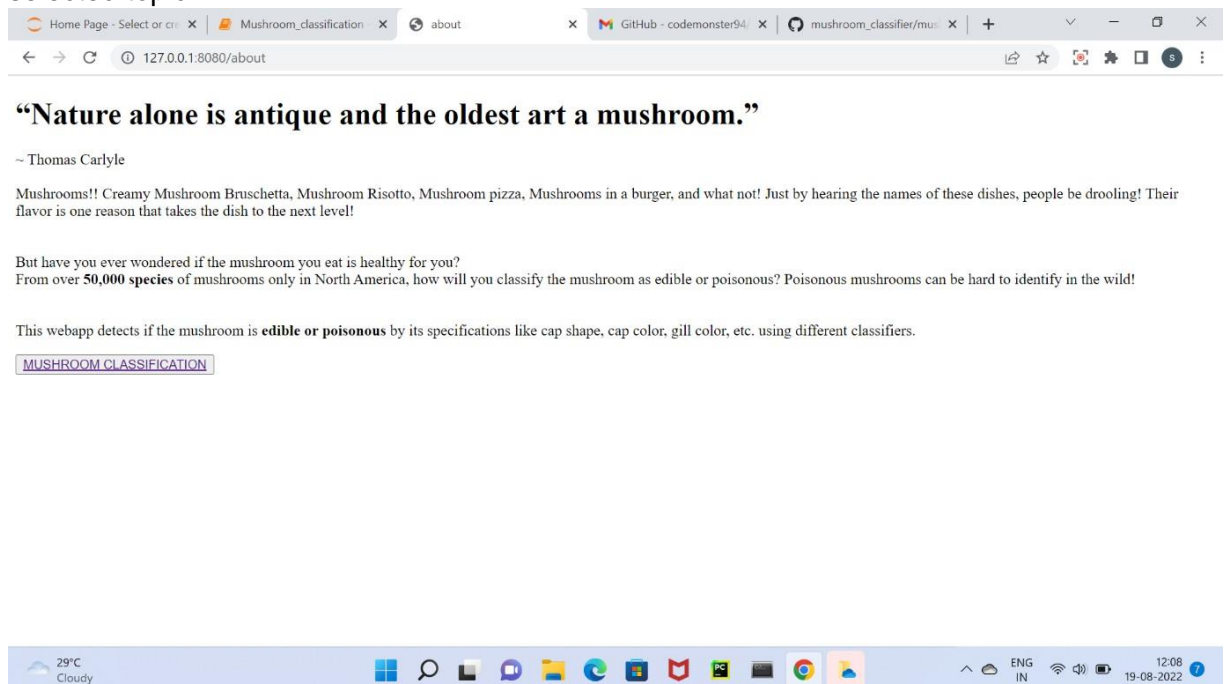

## **Wireframe Document**

INeuron.ai

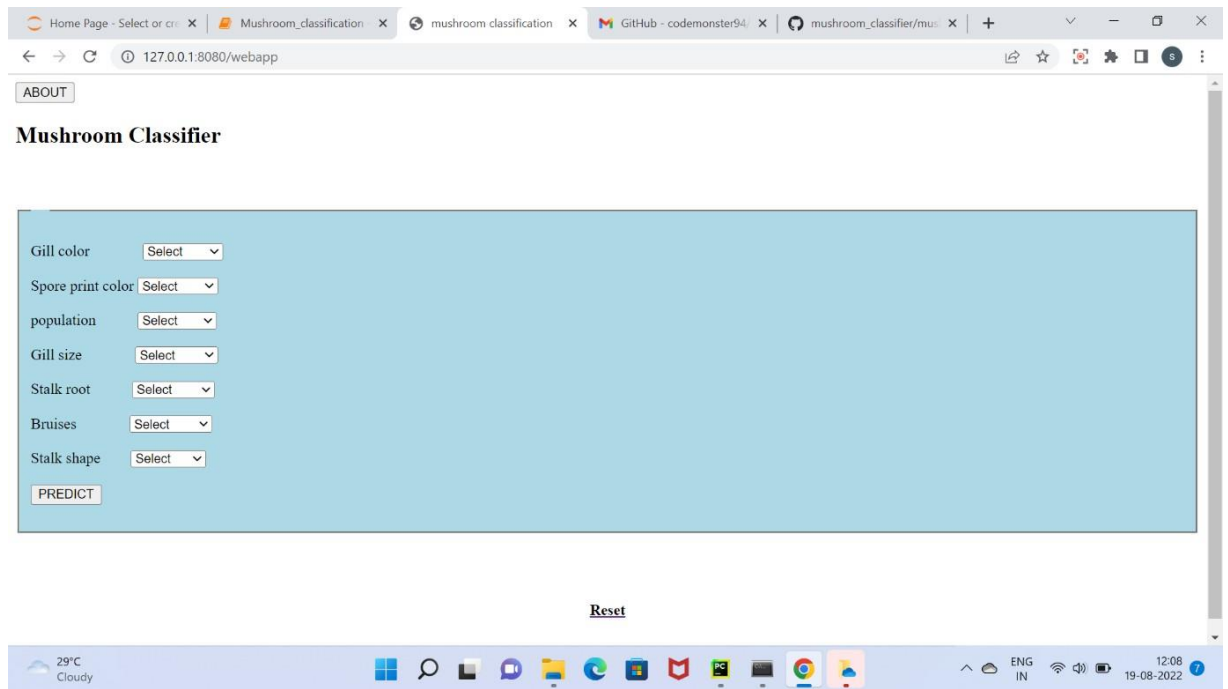

- ❖ This is the First page which will be shown on the window, in which 2 options will be shown such as About section and Mushroom classification

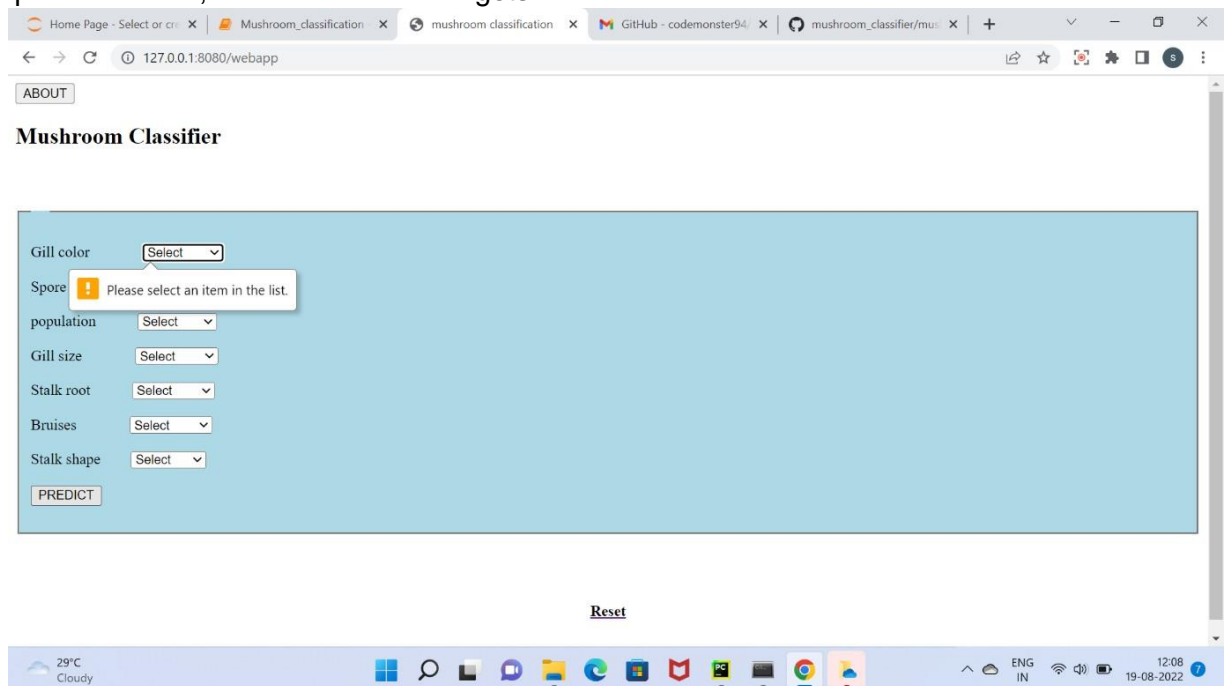

- ❖ If someone clicks on the About section, then a brief description will be shown of the selected topic

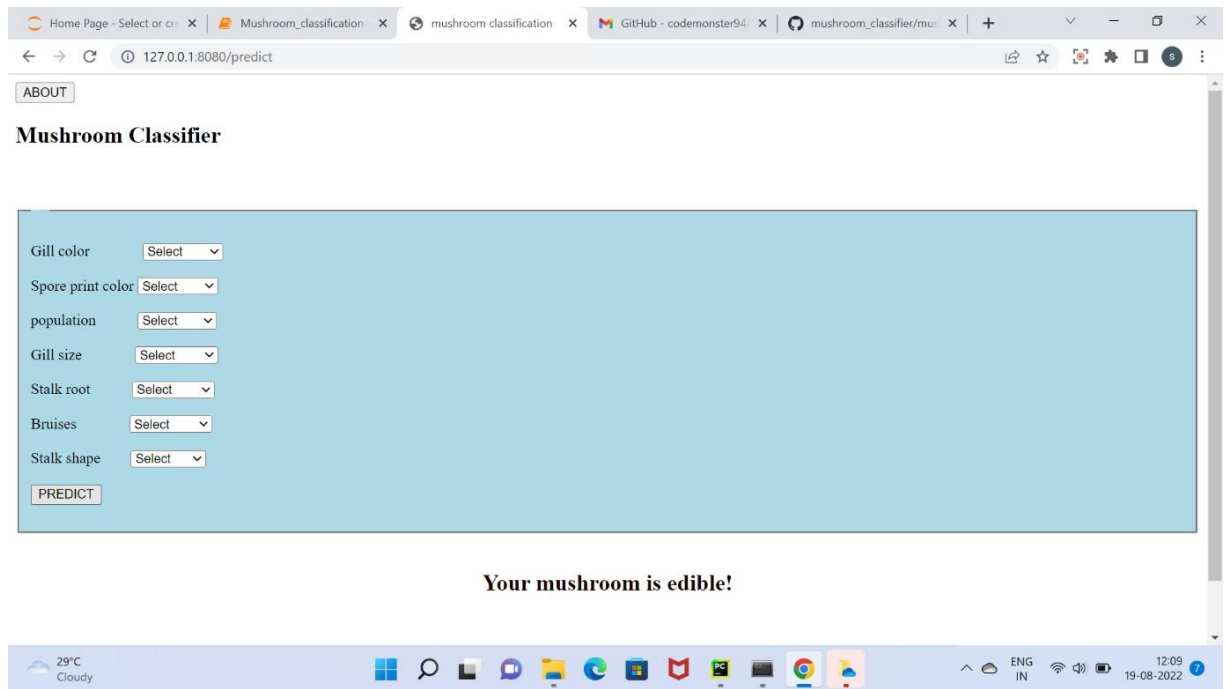

- ❖ If someone clicks on the Mushroom classification option, then certain options will be shown that need to be filled.

- ❖ If someone does not specify all the necessary things asked but presses the 'predict button', then this notification gets.

- ❖ After giving all the necessary details if you will click on the predict button, then this interface will be getting at the window, whether the mushroom is edible or poisonous

Thanks
